What is the intended benefit of the rule?

To provide certainty and clarity for state banks applying to engage in activities for which Iowa Code chapter 524 requires prior approval from the Division of Banking.

Is the benefit being achieved? Please provide evidence.

Yes, the rule has helped the Division establish a fast and efficient process for filing and reviewing applications to engage in certain business activities for which prior approval is required.

What are the costs incurred by the public to comply with the rule?

State banks filing applications required by this rule have to pay required application fees to cover staff time that Division staff spend processing and reviewing applications, as well as filing fees for the Secretary of State.

What are the costs to the agency or any other agency to implement/enforce the rule?

The Division incurs staff time to process and review applications filed under the rule.

Do the costs justify the benefits achieved? Please explain.

The Division has concluded that, for many of the applications for which the rule currently requires a fee, the costs do not justify the benefits. The Division therefore proposes to eliminate the Division's application fees for many of these applications, excluding those like establishing a de novo bank or converting a national bank into a state bank, and to retain only the fees required for mandatory filings with the Secretary of State.

Are there less restrictive alternatives to accomplish the benefit? ☒ YES ☐ NO

If YES, please list alternative(s) and provide analysis of less restrictive alternatives from other states, if applicable. If NO, please explain.

The Division has concluded, after review, that many of the applications for which an application fee is currently required do not warrant a fee. The Division therefore proposes to remove or reduce the applicable fees for most of the applications covered by this rule.

(1) Be adequately capitalized in relation to the risks associated with the proposed authorized activity;

(2) Have sufficient managerial resources to perform the proposed authorized activity;

(3) Obtain all licenses and approvals from other regulatory agencies necessary to perform the proposed authorized activity;

(4) Maintain a separate and adequate accounting system and other corporate records; and

(5) Conduct its authorized activity pursuant to independent policies and procedures designed to inform customers and prospective customers of the bank service corporation or other subsidiary that it is a separate organization from the state bank.

d. A legal opinion that the proposed authorized activity of the bank service corporation or other subsidiary is permissible under state and federal laws and regulations, if requested by the superintendent.

e. The amount which the state bank proposes to initially invest in the bank service corporation or other subsidiary.

f. A copy of the resolution adopted by the state bank's board of directors authorizing the investment in the bank service corporation or other subsidiary.

2.14(2) *Investment limitation.* Unless state or federal statutes impose specific limitations relating to investments in the shares of a corporation by a state bank, a state bank's maximum permissible investment in an individual bank service corporation or other subsidiary is 15 percent of its aggregate capital as defined in Iowa Code section [524.103](#), and a state bank's maximum permissible investment in all bank service corporations or subsidiaries is 5 percent of its total assets. At the superintendent's discretion, a higher investment limitation may be established for an investment by a state bank in an operations subsidiary, as defined in section [524.103](#). For purposes of this rule, the terms "invest" or "investment" include any advance of funds to a bank service corporation or other subsidiary, whether by the purchase of stock, the making of a loan or otherwise.

2.14(4) *Decision.* The superintendent shall approve or deny the application within 60 days after the application is received.

2.14(5) *Revocation.* The superintendent may revoke a previously granted approval to invest in a bank service corporation or another subsidiary and order divestiture of the shares, pursuant to the contested case provisions of Iowa Code chapter [17A](#), if any of the following occur:

- b. The superintendent determines the authorized activity is being conducted unlawfully or in an unsafe or unsound manner; or
- c. Other relevant factors exist which the superintendent may determine are grounds to revoke the authorized activity.

This rule is intended to implement Iowa Code chapter [524.802](#).

187—2.15(524) Securities activities.

2.15(1) Scope. Iowa law authorizes state banks to engage in any aspect of the securities business. Recommending and selling interests in mutual funds, annuities, and other nondeposit investment products on bank premises may be conducted directly by a state bank, through a subsidiary or an affiliate of a state bank, or through an arrangement with a third-party vendor.

2.15(2) Board responsibilities. The board of directors of a state bank shall evaluate the risks associated with the securities activities proposed and the method by which the securities activities will be conducted on its premises. The board of directors shall be responsible for ensuring that any securities activities conducted on its premises will comply with all applicable state and federal laws and regulations as well as any policy statements issued which relate to securities activities. Specifically, if a state bank develops and implements a particular program where nondeposit investment products are recommended and sold to retail customers, that program shall ensure that customers are clearly and fully informed of the nature of and risks associated with those types of products. If an affiliate, a subsidiary, or a third-party vendor is used to recommend and sell nondeposit investment products, all signs, advertisements and other promotional material should clearly identify the affiliate, subsidiary, or third-party vendor as the seller and should not suggest by use of a trade name that the state bank is the seller. The board of directors shall be responsible for complying with the joint federal Interagency Statement on Retail Sales of Nondeposit Investment Products or any substitution thereof or revision thereof.

2.15(3) Application. An application by a state bank to engage in any securities activities shall be in letter form and contain, at a minimum, the following commitments:

a. That the proposed securities activities will be conducted either directly by the state bank, through a subsidiary or an affiliate of the state bank, or through an arrangement with a third-party vendor. In specific cases, it may be necessary for the applicant to provide a legal opinion stating that the proposed activities are authorized.

b. That the state bank's board of directors has evaluated the risks associated with the proposed securities activities and has adopted a written statement that addresses these risks and the procedures to be used to ensure

compliance with all applicable laws, regulations and policy statements. The scope and level of detail of the written statement should reflect the state bank's level of involvement in the securities activities. If securities activities are to be conducted on bank premises by an affiliate, a subsidiary, or a third-party vendor, the written statement should also address the scope of those activities, as well as the procedures for monitoring compliance by the affiliate, subsidiary, or third-party vendor with all applicable laws, regulations and policy statements.

c. That, if securities activities are to be conducted through an affiliate, a subsidiary, or a third-party vendor, the board of directors has performed an appropriate review of the affiliate, subsidiary, or third-party vendor. A copy of the written agreement between the parties shall accompany the application.

d. That the location(s) on bank premises where the proposed securities activities will be conducted will be physically distinct and separate from the area where deposits are taken. Proper signs or other means must be used to distinguish the area where the sale of retail nondeposit investments products will be conducted from the area where insured deposits are normally taken. If securities activities are to be conducted on bank premises by an affiliate, a subsidiary, or a third-party vendor, all signs or other means used to identify this area shall provide to the retail customer a clear and accurate representation of the entity conducting the securities activities.

e. That clear and concise oral and written disclosures will be provided to retail customers. A copy of the proposed written disclosures shall accompany the application.

f. That the state bank, its subsidiary or affiliate, or a third-party vendor will complete background checks on all personnel authorized to recommend and sell nondeposit investment products and that all such personnel will be properly trained and appropriately licensed prior to commencing any securities activities and thereafter while conducting securities activities on the premises of the state bank.

Notwithstanding the application requirements set forth herein, if the securities activity being conducted is limited to discount brokerage or referral services, then the state bank only needs to notify the superintendent that it intends to engage in the limited securities activity.

2.15(6) Revocation. The superintendent may revoke a previously granted approval to conduct securities activities on the premises of the state bank, pursuant to the contested case provisions of Iowa Code chapter 17A, if any of the following occur.

- a. The financial condition of the state bank has significantly deteriorated.
- b. The superintendent determines the securities activities are being conducted unlawfully or in an unsafe or unsound manner.
- c. Other relevant factors exist which the superintendent may determine are grounds for a revocation of the securities activities.

This rule is intended to implement Iowa Code section 524.825.

187—2.16(524) Futures, Forward, and Standby Contracts.

2.16(1) Scope. Futures contracts are defined as standardized contracts traded on and guaranteed by organized exchanges to purchase or sell a specified security or a bank certificate of deposit on a future date at a specified price. Forward contracts are defined as over-the-counter contracts for forward placement or delayed delivery of securities in which one party agrees to purchase and another to sell a specified security at a specified price for future delivery. Contracts specifying settlement in excess of 30 days following the trade date are deemed to be forward contracts. Standby contracts are defined as optional forward contracts. For example, the buyer of a standby contract (put option) pays a fee for the right or option to sell securities to the other party at a stated price at a future time. The seller of a standby contract receives the fee and must stand ready to buy the securities at the other party's option.

Futures contracts, forward contracts, and standby contracts may be used by state banks to reduce their existing interest rate risk exposure resulting from their overall investment activities and as a general hedge against interest rate exposure associated with undesired mismatches in interest-sensitive assets and liabilities. At no time shall futures, forward, and standby contracts be used to speculate on future interest rate movements.

State banks may, without the prior approval of the superintendent, purchase shares in permissible investment companies, up to a maximum of 15 percent of aggregate capital, which use futures contracts,

forward contracts, and standby contracts, as well as repurchase agreements and securities lending arrangements as a part of their portfolio management strategies. It remains the responsibility of the board of directors making these purchases to ensure that a particular investment company is a proper holding for the state bank's investment portfolio.

2.16(2) *Application.* An application by a state bank to engage in futures contracts, forward contracts, and standby contracts shall be in letter form and contain, at a minimum, the following information:

- a.* A description of the type(s) of contracts the state bank proposes to purchase and sell.
- b.* A copy of the board of directors' resolution authorizing the specific type(s) of contracts proposed to be purchased and sold.
- c.* A copy of the policy adopted by the state bank's board of directors which shall include specific policy objectives that outline permissible contract strategies and their relationship to overall investment activities and asset-liability management; the names, responsibilities, and authority limits of the personnel authorized to engage in futures, forward, and standby contracts; limitations applicable to futures, forward, and standby contract positions; the personnel to be used to review at least monthly the state bank's contract positions to ascertain compliance with such limits; the exchanges and firms through which authorized personnel may conduct futures, forward, and standby contracts; and the dollar limit on transactions with each firm.
- d.* A representation that the state bank has sufficient managerial resources to engage in futures, forward, and standby contracts.

2.16(5) *Revocation.* The superintendent may revoke the approval of the state bank to engage in futures, forward and standby contracts, pursuant to the contested case provisions of Iowa Code chapter [17A](#), if any of the following occur.

- a.* The financial condition of the state bank has significantly deteriorated.
- b.* The superintendent determines the futures, forward, or standby contract activities are being conducted unlawfully or in an unsafe or unsound manner.

c. Other relevant factors exist which the superintendent may determine are grounds for a revocation of the activities.

This rule is intended to implement Iowa Code section [524.901](#).

187—2.17(17A,524) Mobile offices, courier services, and convenience offices.

2.17(1) Definitions.

“Bank-owned courier service” means a service that has the sole purpose of serving specific customers with pick-up or delivery services for banking activities such as deposits, withdrawals, and loan transactions.

“Convenience office” means a bank office at a fixed site that is open only at certain times or dates, such as at a nursing home, college orientation, or fair. The sole purpose of a convenience office is to serve the convenience of the bank’s customers at specified special events or who may have limited mobility.

“Mobile office” means a bank office that does not have a permanent site and functions out of a mobile banking unit that stops at predetermined locations to conduct banking activities.

2.17(2) Scope. A state bank may provide courier services to its customers by using a third-party provider operated under the provider’s name or using the state bank’s employees operating in the state bank’s own name. Customer deposits picked up by a courier service become deposits of the state bank at the time the deposits are picked up by the courier service. A state bank that establishes and operates courier services in its own name using its own employees must establish the vehicle it uses to provide courier services as a bank office in accordance with the provisions of this rule.

A state bank that uses a third party to provide courier services to its customers may pay the third party directly for those services and may charge its customers for third-party courier services as the state bank deems appropriate. Superintendent approval is not required for a state bank to provide courier services to its customers by using a third party.

Policy. The board of directors of a state bank that operates a mobile office, bank-owned courier service, or convenience office shall adopt a policy governing operation of the mobile office, bank-owned courier service,

or convenience office. The policy shall be appropriate for the nature and scope of the state bank's use of the mobile office, bank-owned courier service, or convenience office and shall, at a minimum:

a. Address the steps the bank will take to protect the security of the office, its customers, employees, its customers' financial information and deposits. The security plan may include implementation of customer and employee security systems such as security cameras, external lighting, and internal or attached protection zones.

b. Require the bank to maintain deposit insurance coverage for the mobile office, bank-owned courier service, or convenience office.

c. Require the bank to main adequate insurance coverage covering the bank in case of robbery, accident, other loss of items, delay in the delivery of items to other destinations, and other liabilities associated with operating the office.

d. Address types of activities the bank will conduct from the mobile office, bank-owned courier service, or convenience office.

f. Require the bank to maintain a daily log of operations including descriptions of the time and locations of each stop made by the mobile office or bank-owned courier service, the locations and the hours a convenience office was operated, and the names of the bank personnel working at the mobile office, bank-owned courier service, or convenience office during those times.

g. Address what, if any, signage the state bank will place on the mobile office, bank-owned courier service, or convenience office.

h. For mobile offices and bank-owned courier services, address how the state bank will determine the locations at which it will provide services and the times it will be at those locations, including how the state bank will ensure that the mobile office, bank-owned courier service, or convenience office is located in a safe location and ~~that it~~ has the necessary permission of the owner of the property where the mobile office, bank-owned courier service, or convenience office is located to operate at that location.

2.17(4) *Necessary federal approval.* If the state bank must receive approval from any federal agency, such as the Federal Deposit Insurance Corporation (FDIC), prior to operating a mobile office, bank-owned

courier service, or convenience office, such federal approval will be a condition of approval by the superintendent of banking of the application to operate a mobile office, bank-owned courier service, or convenience office.

2.17(5) *Interstate banking.* A mobile office or bank-owned courier service shall not operate in another state unless the state bank has obtained any required permissions from the other state and the appropriate federal regulator.

This rule is intended to implement Iowa Code sections 524.213 and [524.1201](#).

187—2.18(17A,524) New or innovative electronic activities.

2.18(1) *Scope.* When considering a proposal to engage in new or innovative electronic activities pursuant to Iowa Code section 524.802A, the superintendent will consider the factors enumerated in Iowa Code section 524.802A(2), including whether the state bank has the expertise necessary to understand and manage the risks associated with the activity.

2.18(2) *Board responsibilities.* The board of directors of a state bank considering engaging in a new or innovative electronic activity shall first evaluate the risks associated with the proposed new or innovative electronic activity and ensure that the state bank conducts the proposed new or innovative electronic activities in compliance with Iowa Code section 524.802A(3).

2.18(3) *Application.* A state bank desiring to engage in new or innovative electronic activities should first meet with the superintendent to discuss the proposed electronic activities. After meeting with the superintendent, a state bank proposing to engage in new or innovative electronic activities shall submit a formal proposal to the superintendent that contains, at a minimum, the following information:

a. A description of the proposed new or innovative electronic activities, including how the proposed electronic activities align with the strategy and business objectives of the state bank.

b. A description of any state or federal laws and regulations expected to apply to the proposed electronic activities. Examples: compliance (terms, conditions, disclosures), Bank Secrecy Act, federal securities laws.

c. A description of the state bank's corporate governance process that will oversee the proposed electronic activities, including ongoing monitoring to identify and handle any problems or incidents that may arise.

d. A description of the resources and management information systems necessary to oversee the electronic activities.

e. Due diligence materials, including risk assessments (e.g., operational risk, liquidity risk, strategic risk, compliance risk) and information on third-party relationships.

f. A description of any other licenses or approvals required from any regulatory authority to engage in the proposed new or innovative electronic activities.

g. A description of the capital position of the state bank in relation to the risks associated with the proposed new or innovative electronic activities.

h. A description of the state bank's exit strategy for the proposed new or innovative electronic activity if the activity proves unsuccessful.

2.18(6) *Other relevant factors.* The following provisions apply to a state bank seeking approval to engage in new or innovative electronic activities pursuant to Iowa Code section 524.802A:

a. The state bank shall contact its primary federal regulator to determine any federal legal requirements that may apply to the proposed activity and the permissibility of the activity under applicable federal law.

b. Upon approval to engage in a new or electronic activity, a state bank that shares any electronic space, including a co-branded website, with a bank subsidiary, affiliate, or any other third party, must take reasonable steps to clearly, conspicuously, and understandably distinguish between the products and services offered by the state bank and those offered by the state bank's subsidiary, affiliate, or any other third party.

This rule is intended to implement Iowa Code section 524.802A.

187—2.19(17A,524) Required fees. The following is a schedule of the fees for corporate applications filed by state banks adopted by the superintendent:
